## **The Alchemy of Transformation-Course Description**

This course is designed as an advanced immersion training for those who have completed the Art of Spiritual Guidance Program. The Alchemy of Transformation is an in-depth experiential study of seven essential alchemical operations, which lie at the heart of the process of transformation. Explore each operation from its corresponding psychological and spiritual dimensions. How they are reflected in and affect Relationships is also a theme. Special attention will be given to the archetypical images, myths and sacred rituals of various traditions, which embody the operations. A unique aspect of the program is emphasis upon a rich collection of spiritual practices that facilitate the alchemy of transformation, and creative exercises that help to integrate the operations.

### **Requisites:**

- o completion of two-year spiritual guidance training with Atum
- o a commitment to engage these potent operations in your life, rather than seeking a solely intellectual understanding of them
- o linkage with various spiritual practices offered
- o maintenance of a journal for reflection, to record experiences and images collected of each operation
