

# Cultivating the Symbol of The Tree of Life

during a time of deep uncertainty and profound  
passage for the earth and humanity

with Atum O'Kane

An in-person program  
Northern California  
Bay Area

Four 3-Day weekends:

May 3-5

June 28-30

August 23-25

November 15-17

Carl Jung reminds us of our symbolic life arising from the depths of the psyche. Symbols gift us with profound wisdom and guidance. The Tree of Life is an ancient and universal symbol that reveals the core nature of human and earthly life. The cycles of the seasons unveil the mystery through the essential stages of the continuous process of birth, unfoldment, transition, impermanence and rebirth.

**In this training, we will explore the state of our Tree of Life. We will engage various elements needed to sustain its growth and aliveness. We shall seek to understand the current seasons in our relationships, callings and sources of meaning in our journey. Jung spoke of the gates we meet when entering into stages of development and the symbols providing guidance and understanding.**

**Teachings and practices from various spiritual traditions along with Jungian and Transpersonal Psychology will be included. Creative exercises and small group sharing will be integrated in the program.**
